Attention: Michael Tedesco

Ladies and Gentlemen:

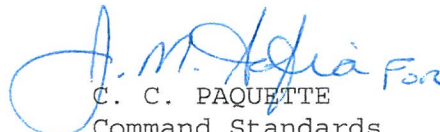

SUBJECT: EXTENSION OF QUALIFICATION TO ENECON CORPORATION'S MEDFORD,
NY PLANT UNDER MIL-PRF-24176C

Based on the results of a capability survey conducted by Defense Contract Management Agency (DCMA, Garden City), enclosure (1), at Enecon Corporation's plant located at 6 Platinum Court, Medford, NY 11763 (CAGE 033T7), that plant has the technical, production and quality assurance capabilities to manufactures products in accordance with the subject specification.

Qualification is hereby extended to Enecon Corporation's Medford, NY plant as an approved plant to manufacture products under MIL-PRF-24176C, "Cement, Epoxy, Metal Repair and Hull Smoothing (Metric)". This extension of qualification is subject to the conditions stated in enclosure (2). Qualified Products List QPL-24176 will be updated to reflect the addition of Enecon Corporation's Medford, NY plant.

Technical questions regarding this letter should be directed to the technical point of contact, Mr. David Owen, who can be reached by phone at (202) 781-0651 or by email at david.owen@navy.mil. Administrative questions should be directed to Ms. Cheryl Turner by phone at (202) 781-3734 or by email at commandstandards@navy.mil.

Sincerely,

C. C. PAQUETTE
